File(s): '95 VAN DELIVERIES

Enclosed is an updated delivery schedule for the Van Program as of 4:00 PM this afternoon.

Please note that the first three shipments of Sand Chairs have been confirmed as shipped from Asia. Von Pok is fully aware of the situation and is continuing to attempt to expedite deliveries as much as possible.

Cryk's schedule for baseball caps will be addressed once the current shipping situation has been resolved (see my earlier E-mail).

John and I will be out of the office tomorrow and Friday. We will be checking VMX and E-mail both days.
